

Summer Reading & Science Fair Topic

Summer reading is assigned and will be due on the first day of school. Please look for an email regarding what books are required.

Students are required to complete a Science Fair Brainstorm. This will ensure that students have enough time to develop strong projects.

Salam Academy families,

Can you believe that the end of the year is finally here? Although it's the end of the year, we aren't slowing down one bit. Carnival was a great success, and we owe the success to you. Thank you for supporting our school. This week we are celebrating the wonderful teachers that we have at our school. Our students have learned so much this year, so please take time this week to thank your child's teacher. On Friday we will have an assembly for teacher of the month, student of the month, and we will share the winners of the speech competition. Come and support us tomorrow at 11:45am.

Next week is Star Reading and Math testing. Talk with your students about taking their time to complete the test, and ensure they get a good nights rest. I wanted to thank you for welcoming me back to Salam Academy. It has been an absolute pleasure working with your children, and you, the parents. I am a better administrator because of you all!

Have a great summer,

Sharon Cuba
