

Using the NM State safety guidelines, CDC guidelines for schools, PED guidelines, and in consult with the SA re-entry task force, which includes, staff, teachers, parents, board and healthcare professionals, SA is able to execute the physical campus modifications needed to support students as safe as possible to return to the school building in fall 2020

Salam Academy (SA) is scheduled to open on August 12, 2020 unless authorities declare schools to remain closed. We realize that our school policies must be flexible and nimble in responding to new information and our strategies can be revised and adapted depending on the level of viral transmission in the school and community.

## Structuring the School day in

2020-2021

The re-entry plan is designed for expected COVID waves where on-campus and off-campus learning can flow seamlessly.

Curriculum and projects are planned by the class/ course teachers with packages (Google classroom or printed) to accompany or supplement off-campus learning.

On Campus Outside, when possible Inside, when possible Online
